

# It's a Westerly world

Getaway from it all in a Westerly

For space  
and pace—go  
Westerly!

**With the compliments of  
Westerly, Britain's lead-  
ing manufacturer of high  
quality fibreglass boats.**

We hope the enclosed information will be a real help to you—and we promise you this. If you buy a Westerly, it is highly unlikely you will ever be disappointed. Because Westerly design is directed relentlessly towards quality: in performance, in fittings, in finish. It will show in your boat when you get her; more as you sail her; and in the price you get if you ever want to sell her.

But see for yourself. Ask us for a test sail. You—and your family—will be very welcome!
