

Westerly Joustier

Joustier is a fast-hulled, single keel, 21 footer. She is what she looks: a 'performance' boat—but with four good berths, full sitting headroom, and a cunning use of space that provides maximum room and makes on-board living *comfortable*.

And not only where sleeping accommodation is concerned. There are excellent cooking facilities and a dinette table that converts into a berth. (Cushions are available in a choice of colours.)

There's an efficient marine head in the forward cabin, which can be separated from the main cabin by cur-

tains. There's also a vinyl headliner to keep down condensation.

Places to put things? Plenty of them! You'll find a generous stern locker in the cockpit (6' 6" of space for hard sailing, or quiet basking in the summer sun); more locker and shelf space in the cabin; and ample hanging space for your clothes.

Another big advantage of Joustier is the ease with which she can be trailed by a normal family car. So whether you have a short or a long journey to wherever you sail, you spend maximum on the water, and

minimum time getting there. Which, you'll agree, is how it should be. Special note for long distance sailors: you can perfectly well sleep on Joustier, if you have to spend a night on the way.

Like all Westerly boats, Joustier is fitted out with high quality materials only. And like all Westerly boats, her design has been exhaustively reviewed at every stage. We are confident therefore that you will find life aboard her spacious and comfortable, and the sailing every bit as exhilarating as you could wish.

Fixing up a test sail is very easy. Just write or phone us, or your nearest dealer. We'll take you out anytime: even in the Winter months we'll be very pleased to see you.

Specification

LOA	21'	6.4 m
LWL	18' 3"	5.6 m
Beam	7' 6"	2.28 m
Draft	3' 6"	1.06 m
Designed scale weight	2200 lbs	995 kg.
