

# You'll find the boat you really want in the well-built Westerly range

When a Westerly owner buys a new boat, it's usually a Westerly. This simple fact has helped to build us into the country's largest builders of family cruising and racing boats. And to have won us the Queen's Award to Industry three times!

Whence this loyalty?

The Westerly range is wide. We aim to provide just the boat you're looking for — the right size, the right price, the right balance of performance and comfort.

Second-hand values are high — largely because every Westerly has its own Lloyd's Register certificate.

Craftsmanship, after-sales service and the designs by Laurent Giles & Partners and all, we believe, are exceptional.

These are the qualities which win such loyalty from our customers. But don't take our word for it; ask a few people who own Westerlys themselves. We believe they'll confirm everything we say.

## GK24 and the new GK29

Westerly's highly successful racers are building up impressive performance histories. Both available as budget boats, as racing versions with IOR certificates, or fully-fitted as club racers.
