Beam	8.48 ft	2.6 m
Draught	4.25 ft	1.3 m
Weight	6380 lbs	2894 kg
Ballast	2480 lbs	1125 kg

GENERAL DESCRIPTION

The Westerly Pembroke is a fin keel version of our well known Westerly Centaur. The interior layout and deck fittings remain the same. The introduction of Pembroke now means that the deep water cruising man with a preference for a fin keel can enjoy all the proven qualities of Centaur with the added advantages of an improved windward performance and speed.
