Cross-over berths in forward cabin.

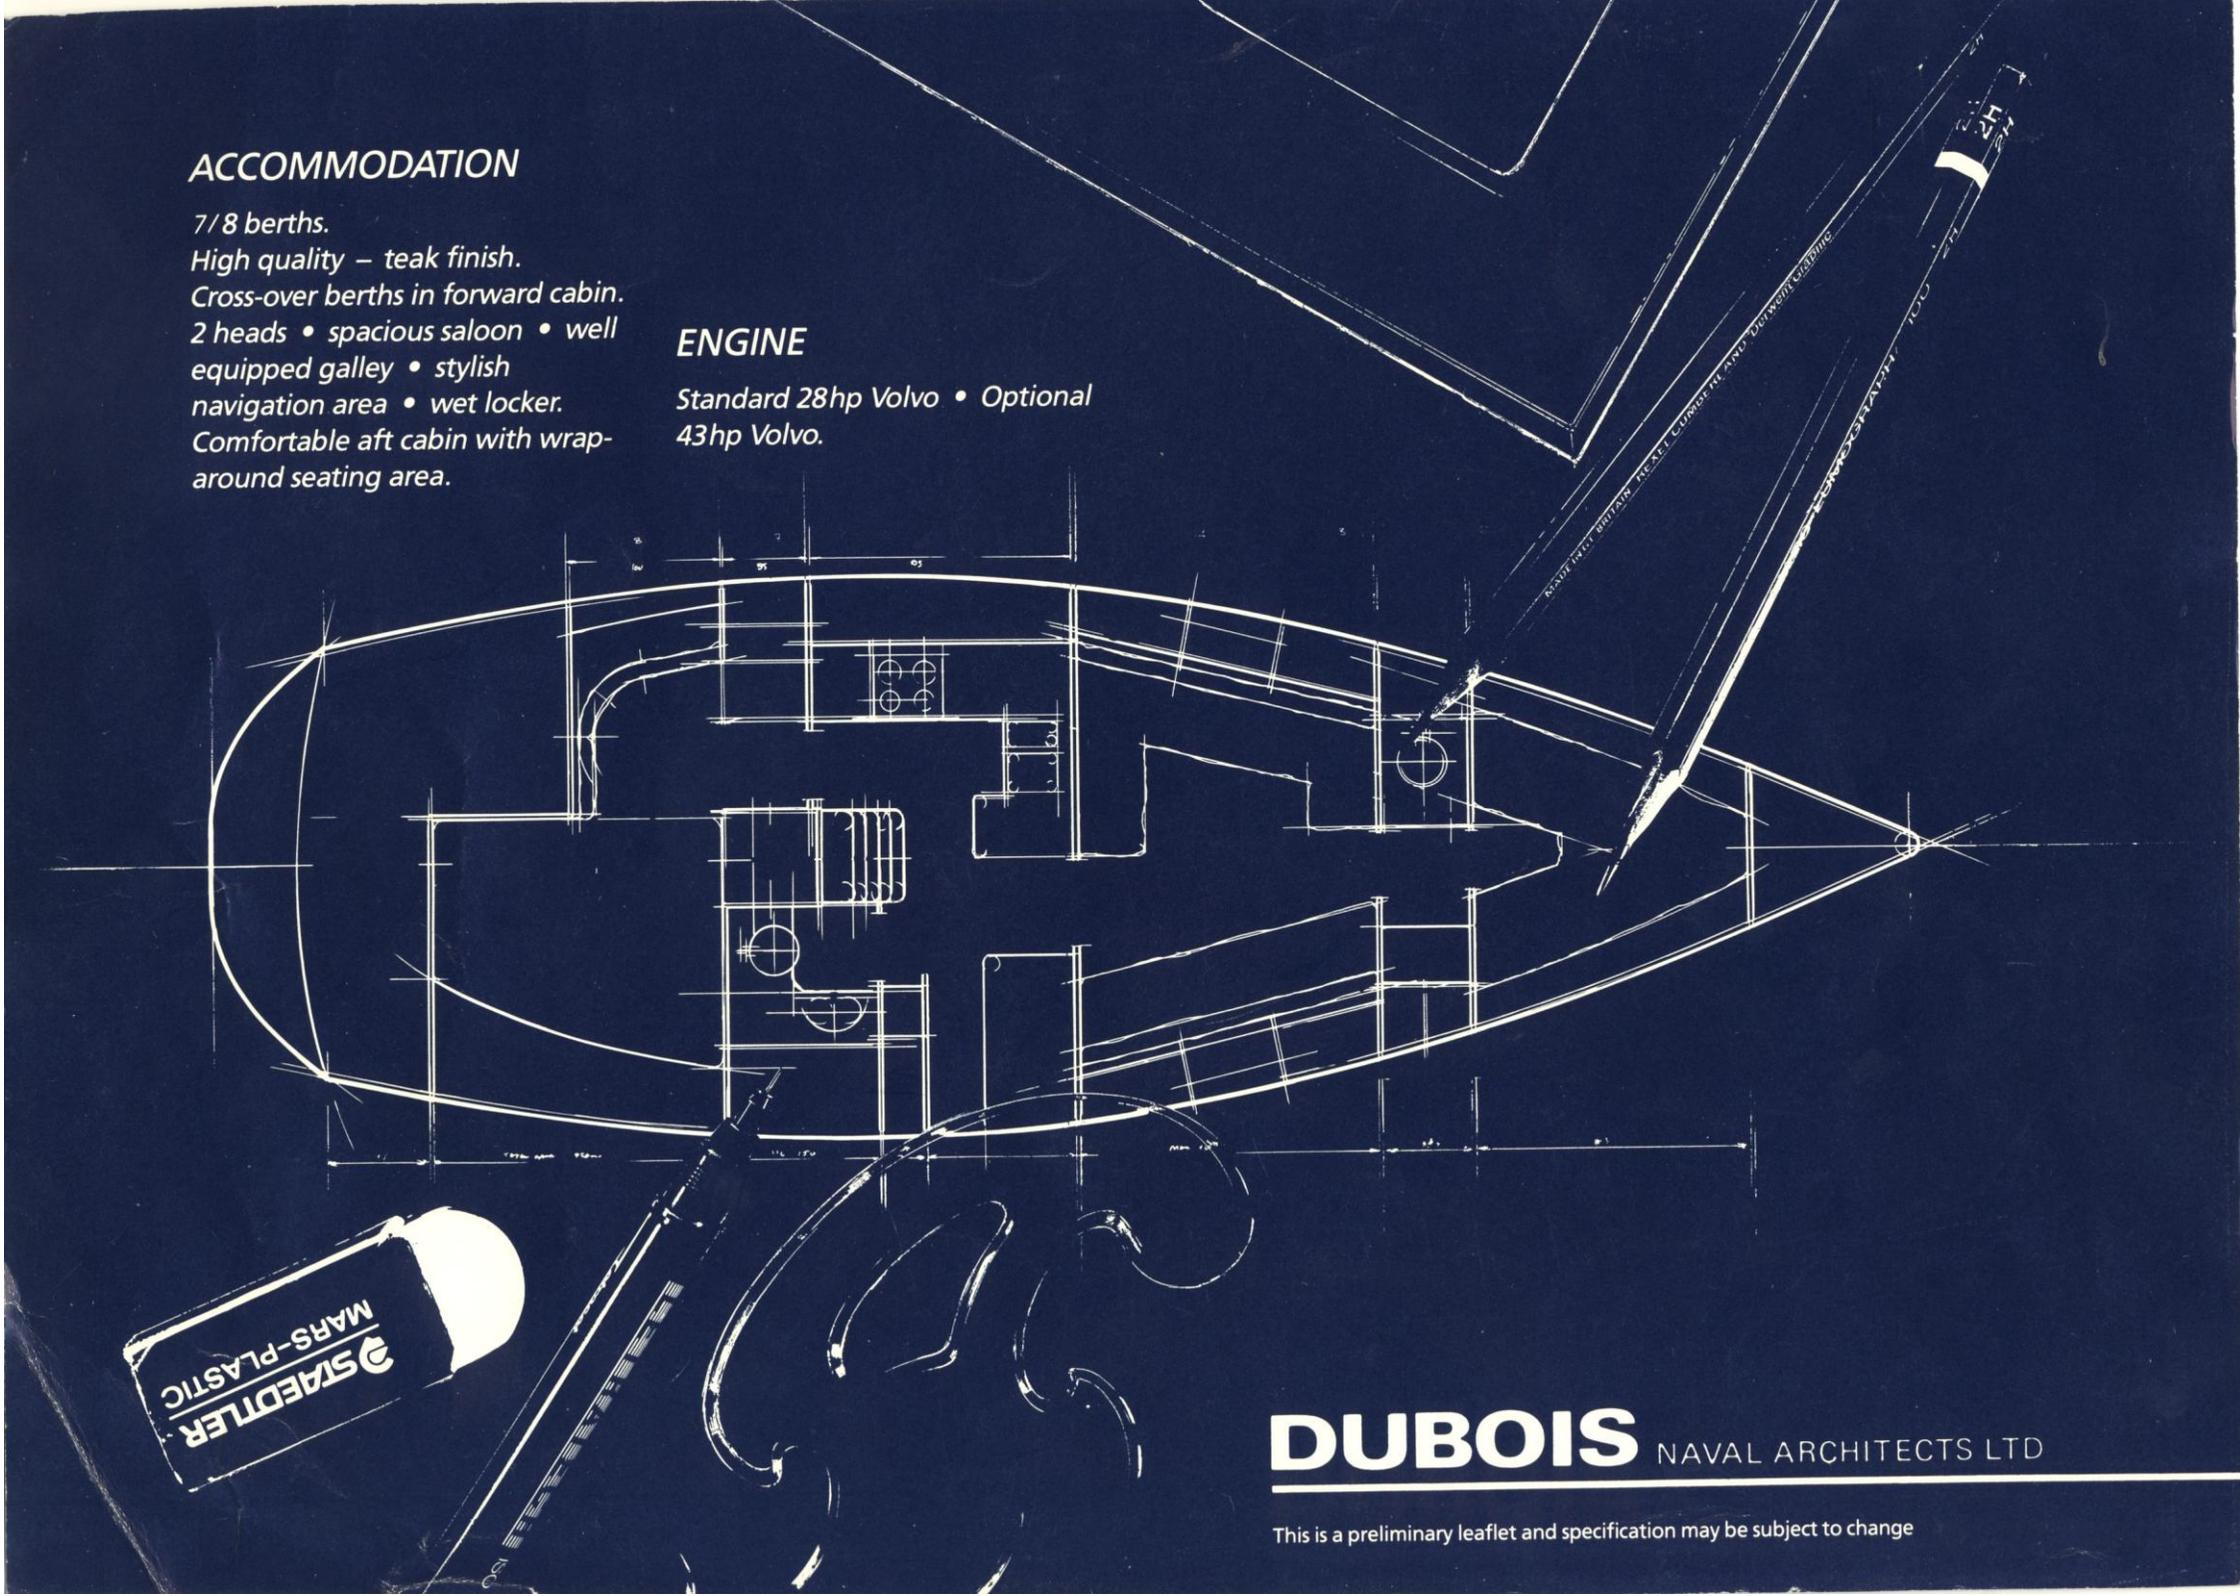

2 heads • spacious saloon • well equipped galley • stylish

navigation area • wet locker.

Comfortable aft cabin with wrap-around seating area.

ENGINE

Standard 28hp Volvo • Optional 43hp Volvo.

A detailed architectural floor plan of a boat's interior is shown in white lines on a dark background. The drawing includes various rooms such as a saloon, galley, and cabin, with furniture and fixtures indicated by simple lines and circles. A drafting compass is positioned in the lower-left corner, and a pair of drafting glasses is in the lower-center. A pencil is visible in the upper-right corner, with the text '28H' and '28H' written on its eraser. The overall scene is set against a dark, textured background that resembles a drafting table or a blueprint.
