----------------	----	----	---

Insurance

Owing to our high standard of construction we can effect insurance with Lloyds at specially reduced rates.

Delivery to

1/6 per return mile (minimum £5 - 0 - 0)

Date

As these quotations refer largely to goods bought in the prices may vary from those quoted. All items will be charged at the rates ruling at the time of delivery. The prices apply to extras delivered with the boat. For items ordered later carriage will have to be charged.

IMPORTANT We very much regret that, once the hull has been laid down we cannot add to the list of extras any items which require fitting. To do so not only delays one boat but all other boats on the shop floor.

TERMS OF SALE On standard Contract terms as authorised by Ship and Boat Builders' National Federation.

Should the items listed as standard not be available at the time of production it may be necessary to fit similar parts manufactured by another concern.

THIS PRICE LIST CANCELS ALL PREVIOUS LISTS.

1st November, 1965.

REMARKS

The Stainless steel pulpit and single guard rail with stainless steel stanchions are now included in the standard price of the boat. Double guard rails are £30 extra.
