

WESTERLY CENTAUR

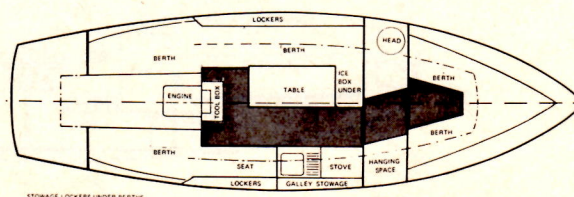

ANDREW GEMENY & SON, 5809 Annapolis Road, Hyattsville, Maryland 20784

The most popular twin keeler in Westerly's growing fleet, her shoal draft of 3' makes *Centaur* ideal for "Gunkholing". Owners can choose from two interior arrangements, both with

two cabins, dinette, enclosed head, six berths, and a wide range of decorator colors. In the "Westerly tradition", *Centaur* is built to withstand the rigors of offshore work, and each boat has its own Lloyd's certification.

WESTERLY CENTAUR Type B
ACCOMMODATION PLAN

L.O.A. 26'
L.W.L. 21'4"
Beam 8'5"
Draft 3'
Sail Area
Main 161 sq. ft.

Ballast 2,800 lbs.
Headroom 6'
Berths 6
Auxiliary Volvo, 10
or 24 hp. Diesel
Designer . Laurent Giles
Price with sails . \$8,180.
(duty paid East Coast)

Make way for Warwick: fast new twin keeler from Westerly

Almost everyone who's seen them agrees: "Centaur" and "Pageant" are the "biggest" boats in their size range . . . anywhere!

Trouble is, not everyone needs so large a boat. That's why we asked Laurent Giles and Partners to design one a little smaller . . . give it their famous underwater lines—the ones that bring new sparkle to twin-keel performance (ask anyone who owns a Westerly "Pageant" or "Centaur").

We wanted a seaworthy boat, one with plenty of

"zip"! One you'd feel safe in "offshore" . . . but still with shoal draft and easy to trail.

And, we wanted room . . . 5'10" headroom in a boat under 22'; dinette; enclosed head; two cabins; sink and icebox . . . even an optional inboard engine. Most important, we wanted a price within the means of most budgets: \$5,250, base boat, with sails, duty paid at East Coast ports.

Did we get it all? You bet we did! And much, much, more!

Better see "Warwick" before you buy!

Westerly® wins the space race with the new 26' Centaur!

(more room than most 30 footers, for much less cost)

"The sailing's great in the world's sleekest 6-berther!"

"The world's largest 26 footer, bar none!" That's what we told world famous designer Laurent Giles we wanted when we asked him to design our all new "Westerly Centaur."

And, design her he did!

A twin-keeler with 3' draft that's ideal for gunkholing, but with sparkling offshore performance to put a smile on any sailor's face, and beauty guaranteed to put a twinkle in his wife's eyes. Probably the largest most beautiful 26 foot yacht sailing anywhere.

Above: Rich teak trim tops her graceful trunk cabin and wide "walk-round" side decks. The cockpit, complete with teak seats and floor boards, is a full 7½ feet long.

Below: She's huge, comfortable and stylish! Dinette, private enclosed head, separate forward stateroom, hanging

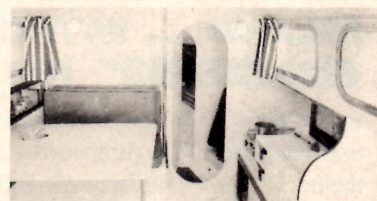

locker, and 6' headroom. And, six man-sized berths upholstered in a wide selection of decorator colors.

Tough! Built in that famous Westerly tradition, to North Sea and offshore specifications, under Lloyds supervision. Each boat has her own certification. And each has the quality that is the hallmark of all Westerly yachts.

Truly, a 26 footer that'll pass for a "30." Only her price tag betrays her secret, and lets you buy a six berth yacht on a four berth budget.

Where else can you get so much for a "sailaway" price (ex power) of \$7,395, landed, duty paid, at any major East Coast, Gulf or Lakes port? (\$7,695, West Coast.)

Here's one you better check out. Contact your nearest dealer for a brochure or demonstration.

"The sailing's great in the world's sleekest 6 berther!"

If it's sailing you want- 6 berth Centaur has streamlined space!

Everybody who's seen her agrees "Centaur's" the biggest 26 footer sailing —one of the very, very few with 6' headroom, not to mention 6 berths and enclosed head. Look's good, handles easily, and has plenty of "zip"!

Like the rest of the Westerly fleet, she's built for real sailing . . . off-shore, if you prefer. And, like every other Westerly, "Centaur" offers quality, more room than you'd ever expect for her size, all at a price you can afford.

Check "Centaur" and the rest of the Westerly fleet before you buy your next boat . . . you'll be glad you did!
